

ROBERTS CRAWLS ON KNEES; FINDS LIQUOR; NABS ONE

Police Instructed to Arrest
"Joe" Sabo—Wozniak
Now in Jail.

"Seek and ye shall find." If Sgt. Benjamin Roberts, Detectives Hamilton and Delinski had not followed out this passage from the Bible with a determination Saturday night, George Wozniak, 1201 W. Dunham st., would not be lodged in jail on a charge of receiving intoxicating liquor for sale, and Joseph Sabo, of the same address, would not be dodging members of the South Bend police department, who have orders to arrest him on sight for the same law violation.

The three officers, armed with a search warrant, visited the above address, which is an alleged soft drink establishment and which the officers said has only been in operation by Sabo and Wozniak a short time, and searched the building from the basement to the roof, but were unable to locate any "goods," which are being sold by the provision of the Volstead amendment.

Has "New Method." In the rear of the premises there is located a small barn and a woodshed, so the officers proceeded to conduct a thorough search of these buildings. Their effort again went unrewarded. Roberts, with his mind apparently made up that he was going to find "liquor" before he gave up the hunt, then tried crawling along on the ground. In a growth of weeds alongside a high board fence, he finally located a quart of red "white mulle."

Upon making this find he immediately ordered Hamilton and Delinski to place Sabo and Wozniak under arrest. Sabo, who the police say is quite familiar with their manner, was watching the officers make the search and just as soon as Roberts unearthed the "mulle" he made a hasty exit out of the front door of the building.

Plenty of Evidence. Wozniak was immediately placed under arrest. Roberts said he did not have more "booze" to be found on the premises began tearing up boards from the floor of the barn. This manner of search proved quite successful and three more quarts of "mulle" were found. This satisfied the sergeant that he had plenty of evidence to use against the two men and the raiders quit work.

Wozniak was taken to police headquarters and will be detained until he furnishes a \$500 bond, while the rest of the officers have been instructed to arrest Sabo.

The police officers claim that Sabo is a frequent law violator, and at the present time he is out on \$3,000 from the federal jail at Indianapolis.

WITHDRAW THREE NAMES FROM LIST

Exonerate Gibbons and Addison of Draft Evasion—
Van Sickle, Too.

The government has announced through Gen. G. W. Read that the charge of desertion standing against Hugh V. Gibbons of this city has been set aside. Gibbons who gave his address as 207 N. Lafayette st., was directed to report to the Adjutant general of the state of Indiana on April 23, 1918 and having failed to do so was certified as a deserter. Records were found showing that he enlisted July 3, 1917 and was discharged April 19, 1919. The error of classifying Gibbons as a deserter was made because no records could be found of his entry into military service as was required by draft regulations.

The notification received yesterday also sets aside charges of desertion standing against George L. Addison of South Bend and Christian Marlon Van Sickle of Marion county, Ind. Army records show that Addison enlisted in the Marine Corps on June 11, 1914 and that he died in action of wounds received in action on July 19, 1918. No record was found of his notification to the draft board and he had previously enlisted. The charge against Van Sickle was made through a similar mistake in army records.

The announcement received from the government yesterday authorizes the removal of the three names from any deserters lists.

A referendum of the entire membership of the five organizations on the reduction of wages recommended by the United States railroad labor board on July 1, will be taken following a report by the brotherhood chiefs of the results of the New York conference.

JULY EIGHT MONTH FOR CORONER, SAYS

Only 11 Cases Thus Far,
Crumpacker Says, Compared
With 20 in June.

The month of July was unusually light for Dr. C. B. Crumpacker, coroner of St. Joseph county. Only 11 cases came to his attention, compared with 20 for last month.

There are usually a great many cases of accidental death by drowning during the summer months, he said, but July has proved an exception to the rule. There have been several cases of South Bend persons drowning or meeting death by other accident, but these occurred out of the county and did not come under his supervision.

Most of the cases Dr. Crumpacker has handled this month occurred during the first week of July. His last case in July being a victim of a railroad accident on the seventh.

RAYMOND HITCHCOCK PROVES HE IS "BROKE"

NEW YORK, July 30.—Raymond Hitchcock, the comedian, who recently filed a voluntary petition in bankruptcy, gave evidence today in support of the claim that he was broke.

He told Referee Townsend that the frolicsome show "Hitchy Koo," caused his downfall, leaving him with only notes, pawn tickets and scenery. The show broke down at Philadelphia, he explained, and he had to pawn a watch that "Diamond Jim" Brady had given him, in order to buy railroad tickets for the chorus girls.

The referee, seeking to learn of the comedian's assets, which he listed at \$125, asked about his town house, his country place on Long Island, and his automobile.

Raymond Hitchcock said he had sold or pawned them all. He denied newspaper reports that there had been moonlight bathing parties at his country place or aesthetic dancing in the pink light of dawn.

The actor declared his liabilities were too numerous to mention with in two hours, so the case was adjourned to August 25.

REVEALS TRUTH OF MEXICO TO PUBLIC

Large Crowd Hears Dr. Monson Lecture at Saturday
Evening Chautauqua.

The truth about Mexico as revealed Saturday night by Dr. Frederick Monson, student of the political and commercial interests of the southern republic, started by his hold statements the large Chautauqua audience that had assembled at the tent on Leeper field to hear the fourth address of the week delivered by a student of Mexican affairs, commercial and political as defined by the speaker.

Dr. Monson unequivocally accused the defunct Carranza government of spreading false propaganda abroad in disparagement of the Villa revolutionists. In behalf of Pancho Villa, Indian revolutionist and pictured bandit and highway man, Dr. Monson stated that the revolutionist had been criminally maligned by Carranza and deliberately misinterpreted by the former republican officials. "Villa is an Indian and as such represents the 13 millions of his race who through him were seeking during previous administrations redress and representation by the government. Carranza representing the two millions of white inhabitants of Mexico, narrow and self centered sought only to conduct a government not representative of the majority but rather the minority," continued the speaker.

Dr. Monson referred to Villa as the Robin Hood of the Mexicans. He pointed to the fact that the present administration under the efficient and forward looking eyes of Obregon has recognized Villa as a power in the land and has granted him a large tract of land in the heart of his native district that he may work with his people for a greater understanding between India and the government and vice versa.

The speaker denounced the pension system and referred to its establishment as one of the black spots on the history of the country.

In conclusion Dr. Monson urged unprejudiced understanding of the Mexicans, particularly the illiterate Indians who make up the greater part of the population.

"We prophesy that not many years hence the blessing of prohibition will come to the 20 states republics of the pan American union; will come to the orient with its unawakened millions, will come to Europe, will come to Great Britain and her sturdy colonies, because the United States will have made good in the enforcement of the eighteenth amendment, the securing of which is one of the greatest moral victories the world has ever witnessed."
